

Thunder Studios

Events & Venue Information

Welcome to Thunder

For decades, Thunder has been the creative home behind some of the world's most iconic music videos, commercials, and television shows. Today, after an exciting remodel and retrofit, we are proud to open our historic 150,000 sq ft campus for public and private events.

Preserving the authentic spirit of a working Hollywood film studio, Thunder offers a truly one-of-a-kind backdrop — where cinematic history meets modern event experiences. Whether you're planning an awards show, a sporting event, a wedding, an elegant gala, or a private celebration, our spaces are designed to inspire and elevate every occasion.

We are conveniently located at the edge of Carson and Long Beach, and just minutes from LAX, Long Beach Airport, and the LA Metro, Thunder Studios is ready to welcome you and your guests for an event experience unlike any other.

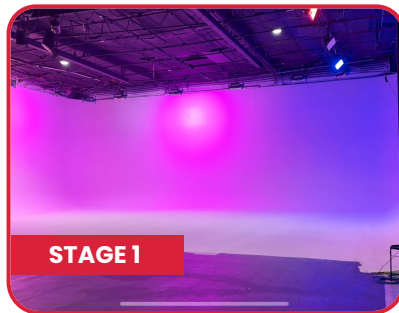

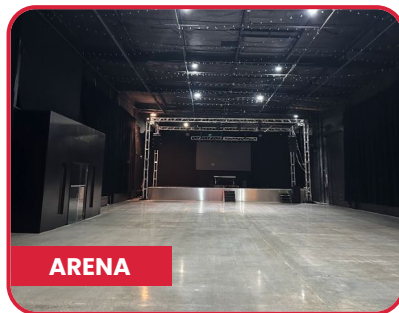

We look forward to bringing your vision to life at Thunder.
